VOL. XXXIX — SONOMA, SONOMA COUNTY, CAL., OCTOBER 7, 1916 — NO. 8

First Lady Juror in Sonoma on Jury Which Acquits C. Clementi

No Other Verdict on Evidence in Case of Illegal Sale of Liquor

The case of the people vs Clementi which came to trial Tuesday was enlivened by the selection of a lady juror, the first to serve in Sonoma Valley. She was Mrs. Pearl Erazmus, wife of a former quarter-master in the United States Army and a lady of wide travel and experience. Mrs Erazmus was passed by both sides as were also the following jurymen, W. R. Hansen, H. C. Manuel, O. R. Rufus Sam Strong, R. A. McDonell, G. H. Hotz, Jas. Maffei, P. W. Paulson and M. J. Hibbard.

Mons. Clementi, the defendant, charged with selling liquor in violation of the county ordinance, had plead not guilty and was represented by attorney W. F. Cowan. Deputy District Attorney Valladingham appeared for the people.

The case hinged upon the testimony of three hirelings of the district attorney's office whose detective work resulted in the filing of the complaint against Clementi.

The first of these sleuths, E. F. Westphal, gave his occupation as a farmer and his place of residence as Sebastopol. He admitted having been hired to get evidence and recited details of a visit to Clementi's grill on August 27th where he claimed he was sold beer which a companion female detective sampled and then carried away as evidence. He stated that at no time did he see or talk with the defendant but that defendant's wife sold him the beer.

Mr. Hillhouse, another farmer with Sherlock Holmes pretensions next took the stand and recited his part in what he termed a "trick" on Clementi's place. He too declared Clementi himself was not a party to any transaction which took place and there was conflict of testimony on many material points told by his pal.

Mrs. Alma Norton, the woman detective, next testified and admitted receiving $5 from the authorities for her evening's services. She told of visiting Clementi's and of sampling a bottle of beer which she and Westphal brought ont and gave to Hillhouse as evidence.

Mr. Clementi was the next witness. He brought out the point that the property and license was in Mrs. Clementi's name and that he was chef at the grill. His testimony substantiated the other witnesses declaration that he had not been a party to any transaction concerning the buying of beer or otherwise.

Mrs. Clementi testified that she rented a room and served meals to the farmer detectives but that she had not sold them two bottles of beer to take to their room nor seen anything of the woman in the case.

After the testimony had all been taken, the Deputy District attorney addressed the jury asking them to obey the evidence and to weigh the testimony. He defended "gum shoeing" in instances where evidence was hard to get and while admitting a conflict in the county liquor ordinance urged the jury to bring in a verdict in accordance with the facts in this particular case.

W. F. Cowan for the defense roundly assailed the character of the testimony offered which he characterized as "bought and paid for." He decried the using of "spotters" to set traps and to tempt people into violation of laws and unmercifully arraigned the "sanctity of detectives" who for reform and $5.00 would testify to almost anything. He pointed out the discrepancies in the testimony of the trio and said he would"die in the belief" that it was a frame up.

Mr. Vallandigham in his closing address exhorted the jury to beware of the eloquent spell of counsel for the defense and claimed that the farmer detectives while clumsy in their methods were undoubtedly honest and that Clementi and his wife were the interested parties whose testimony might be colored to fit the exigency. He held that a man was responsible for the acts of his agent, a point that Cowan bitterly combatted.

Judge Small's charge to the jury set fourth that the character of the testimony offered was a material point. The jury then retired and after two ballots announced the verdict as not guilty. On the first ballot the jury stood 9 to 1 for acquittal and in ten minutes it was unanimous.

The verdict in the Clementi case where a woman sat on the jury and made her findings according to the evidence before her and did not try to convict on general principles or to make an example of some one will go a long way to help the cause of women. It will broaden out men's point of view toward her as a citizen and bring respect of woman's service in civic matters. Not swayed by emotion, but governed by reason, that is what we demand of our new citizens and Sonoma's experience with its first woman juror shows that we have new citizens with the proper qualifications.

ORPHANS BENEFIT BIG SUCCESS

The benefit given by the Rebekahs Thursday night for the I. O. O. F. Orphans Home at Gilroy was a decided success. The door receipts were over $20 and every article on the fancy work table was disposed of early in the evening.

There was an entertaining program contributed by Carl Baldesberger, vocalist, Mrs. Steckmeyer, pianist, Miss Lillard, soprano soloist and Mrs. W. L. Murphy, pianologist. The Pauli orchestra played for dancing. The refreshment committee, Mrs. Wagnon, Mrs. La Torres, Mrs. J. E. Poppe and Miss Rowe netted a substantial sum during the evening and altogether the results of the benefit were very gratifying. Mrs. Hunter had charge of the program and Mrs. Wm. Rambo, Mrs. Johnson and Mrs. Revie the fancy work.

Boy Farmer Gets Over Sixty-Six Bushels To Acre

Ernest Revie A Prize Winner in Corn Contest and is Entitled to Trip East

The lucky boy farmer this year from the Sonoma Agricultural club contestants is Ernest Revie, but he is not lucky, he is scientific which accounts for the record crop of corn which he raised on the farm of his father, Joe Revie, near El Verano. Young Revie's record is 66¼ bushels of yellow dent corn to the acre which exceeds the average yield by over 30 bushels. The entire crop was uniform and the heavy laden stalks exhibited at the school fair last week were typical of the entire lot.

Young Revie worked under instructions from the Agricultural department of the University of California, but the inspecting agriculturist who came up to judge the various contestants acreage paid Revie a high complement for his individual foresight and intellegence in making the most of limited irrigation possibilities and for his general resourcefulness.

A representative number of Sonoma's Agricultural Club will go to Davis to the reunion of prize winners. **Among those who will make the trip are Stewart Potter, Elwood Franquelin, Jas. Kearney, Irving Shepard, Geo. Cooper and Harold Hotz.**

Ernest Revie is entitled to the trip East, and if funds are available the club will arrange for him to take the instructive journey across the continent. These trips if properly supported and exploited by Sonoma Valley can get this section the very finest kind of advertising and make its possibilities known from one end of the United States to the other.

Principal M. H. Rowell of the Sonoma High School has put this agricultural work in the School on a very firm basis and demonstrated its practicability and popularity. As a result agriculture is now a regular part of the curriculum and Lander Stenquist an efficient expert has been engaged to teach scientific farming. Mr. Stenquist will also have charge of the manual training department.

EDWARD H. HART SENDS MESSAGE

Ross, Marin County, Cal:--

"I doubt very much," said Edward H. Hart, Republican candidate for Congress, who returned recently from a trip over the First District, that very many persons even among those who live in the District realize what a wonderful empire it is in itself. It has the longest coast line of any district in the country, and the biggest trees in the world. It rivals Italy in the product of olives and grapes, and has no equal in the world in the egg and poultry interests it represents. It is therefore vitally interested in a protective tariff that will keep out foreign competition in nearly everything that it produces, and of course especially in lumber, eggs, and olive oil. Hops is another big interest, and there is the big sugar factory at Hamilton that has been closed for years thanks to the Democratic party and its policy of free trade. The people of the First have seen with their own eyes and felt with their own pocket books what Democracy means and there should not be many votes for a continuation of that policy at Washington.

"Of course the Democrats endeavor to dodge the issue by talking of a Tariff Commission; but they at first objected most strenuously to that idea and opposed it with all their force. Today they pretend to be in favor of it, but as no Democrat knows what he believes politically until Wilson has spoken, and as Wilson has been on all sides of every subject since he was inaugurated, it follows that no Democrat is to be relied upon for any definate promise that he may make. **If he is in favor of a Commission today,** he may be in favor of absolute free trade tomorrow and the voter who is interested is left in the cold. The only safe policy is to support a party and its candidates who have a definate policy, who are not ruled by one man; And believing that to be the wisest course the voters of the First District are going to give the entire Republican ticket a majority that will reach well above 8,000 in November."

EASTERN STAR LADIES ENTERTAIN

After the regular meeting of the Eastern Star Thursday night there was a novel social time arranged under the capable direction of Mesdames Cone, Dobble, Bennett and Jessen.

It was a progressive peanut party in which score cards and partners figured in the jollity. All the favors were bugs fashioned out of peanuts and pink dolls with peanut heads.

The festivities were concluded with a feast around a table prettily decorated in acacia foliage and pink geraniums. Savory corn beef hash, hot biscuits and coffee were served and comical prize packages distributed to the merrymakers. The ladies and their husbands voted the evening a great success.

Our enterprising Ford agents, Busby & Coates have sold three new model cars to Otto Rufus, C. A. Whitmore and Martin Burns.

Mrs. Ives of San Francisco and Mrs. Gori of Antioch are here visiting their mother, Mrs. Basaglia.

Harry Weise For Supervisor

As has been suggested in these columns before it behooves every loyal voter in Sonoma Valley to promote the candidacy of Harry Weise for Supervisor. A vote for Mr. Weise is a boost for Sonoma Valley and in these days of progress to be made because of road extensions and connections with the State Highway, there is a great deal at stake in the matter of getting a supervisor who will have the interest of Sonoma Valley at heart and will give us the consideration which this portion of the district merits.

Mr. Weise is familiar with the needs of his district and knows what the people want. With the unmistakable demand for more and better roads he set about to find a type of highway which would meet popular approval and be within the means of our taxpayers. That he has solved this problem has been demonstrated and he has furthermore gone on record as being willing and anxious to do more of this fine type of road building in every part of his district and to interest neighboring supervisors in cooperating with him. Sonoma Valley is destined to have a great future if we get the traffic from the State Highway routed this way. Those who come as tourists may become investors and make this valley their home provided the routes of travel in and out of this beautiful section make it accessible. As a resident and property owner of Sonoma Valley Harry Weise is vitally interested in its destiny and it is the duty of our voters who control the majority vote in this supervisorial district to elect him that he may further the interests of this locality. Mr. Weise is honest and aboveboard in his methods. He represents all the people of his district and can be depended on to act fair and square in all matters affecting the welfare of Sonoma Valley. His term has been characterized by absolute harmony and he has fostered the interests of our people at all times. A vote for Weise is a vote for the prosperity and progress of Sonoma Valley. Elect him!

WHITE SHELL CLUB RECEPTION

Ladies of Poultry Organization Will give Complimentary Affair to State Market Signers

The ladies of the White Shell club which is a social organization of many leading poultry people will tender a reception to the signers of the State Marketing roll on the evening of October the twentieth.

The fine affair will be given at the Womans clubhouse and as the White Shell club always gives novel and delightful evenings the invited guests are looking forward to a splendid time. There will be a program, dancing and refreshments.

Our poultry producers number among them some of our best families and they contribute not only to the financial advancement of Sonoma Valley but also to the social and fraternal side of community life.

The reception is being given to foster the plan of state marketing of poultry products and the club will be interested in the following account of the progress being made along this line. According to the Petaluma Argus, Edgar Grossman, organizer for the State market director and the Poultry Producers Promotion Committee of Central California, reports that the subscribed number of chickens is nearing 600,000 mark. From these encouraging conditions, it is believed that the poultry producers of Central California will be incorporated before January 1st. Those that are holding back with the statement: "When you have one half signed up I will come in" can now mail their signed agreements and advance payments to the State Commission market,525 Market St., San Francisco, Cal. Return receipts for same will be mailed at once. To those that have said: "Get the 'big feller' first" Mr. Grossman presents the following statement of the result of his work in this county: One hundred and two new subscribers, 174 new shares and 169,000 chickens were signed and $275.50 as advance payments collected Many other agreements are being mailed privately to headquarters at San Francisco. Alameda and Santa Cruz counties are practically all signed voluntarily.

JOLLY CROWD ATTENDS HARVEST BALL

Miss Margarite Gericke was hostess to a jolly party of friends from San Francisco over the week end and on Saturday night they all motored over to Bloomfield to attend the Harvest ball which is an annual event over there. While enroute here from San Francisco the party took the wrong road and found themselves in Santa Rosa and as a result they had to make a detour before getting started. Once on their way however there was nothing to mar the pleasure of the evening and all had a fine time. Those in the party were Misses Claire Roache, Millie Wolf, Lillian McDonald, Josephine Kennell, Margarite Gericke and Messrs Tom Burns, Ed Roach, Martin Stricker, Martin Seow and Ben Dolan. The following day Mrs. Otto Gericke entertained 16 young people at dinner.

Mrs. Lolita Schweitzer is the donor of a handsome little wrist watch to the Catholic Fair. It is an exquisite solid gold time piece valued at $100.

Mr. and Mrs. H. Moulthrop, Mr. Bur Moulthrop and Mr. and Mrs. C. Elesser of San Francisco were guests of the C. F. Jessons last week.

The Fall and Winter styles in hats this year are very becoming and the different models may be seen at Misses Smith, Sonoma's artistic milliners, Yenni building west side of Plaza.

MINISTER HEARS OF MOTHER'S DEATH

The sad intellegence of the death of his mother in Jacksonville, Florida came to Rev. W. T. Holt on Wednesday. Mrs. Holt had spent the winter there with her daughter and recently underwent an operation. Deceased lady was the mother of a large family and was highly esteemed for her culture, refinement of character and many lovable traits.

TOPETE HAS BIRTHDAY

Mike Topete entertained a number of friends last Friday night in honor of his birthday. The evening was devoted to music, dancing and feasting and all pronounced Mike and his good wife royal host and hostess. Mr. Topete and his cousin, Mr. Peterson played many fine selections on the mandolin and guitar and there were Spanish songs and other original numbers.

An elaborate repast prepared by the skilled chefs in this family was an added attraction and speeches and congratulations were the order of the evening. Fred Hovey, Jim Modini and other guests toasted Mr. Topete and wished him a long life and a merry one. Mike's response was something to the effect that he was in the express business to make people happy.

MODERN HOTEL FOR GLEN ELLEN

Mrs. Emma Fetters has taken over the Chauvet Hotel at Glen Ellen which she purchased some time ago and willmake it one of the most modern and attractive resorts in northern California. The beauty of the upper part of Sonoma Valley in and around Glen Ellen is famous and a fine hotel will be the making of our live suburb.

Mrs. Fetters will conduct it her self with the aid of a house keeper and will give it her personal supervision, ensuring the high class service which has made Fetters Springs so popular with the traveling public. She is cleaning, renovating and refurnishing the building which is a modern brick structure and no doubt Glen Ellen will take on a new era of prosperity with the launching of this enterprise.

NATIVE DAUGHTERS ENTERTAIN FRIENDS

The local Parlor of Native Daughters had a very enjoyable "Evening at Home" last Monday night and entertained a large delegation from Napa and Vallejo together with Sonoma Parlor of Native Sons. The Pauli-Hansen orchestra played for dancing which was followed by an elaborate banquet. The decorations were autumn leaves and red blossoms and the tables were laden with the most appetizing viands.

Mrs. Fetters purchased for cash the old school building in Flowery district. She also gave 15 feet of land to the trustees some time ago to enlarge the school grounds surrounding the new building.

CHARMING AFFAIR FOR MRS. STEARNS

CLUB'S MOTHER IS HONORED BY MEMBERS

Mrs. M. Stearns, the grand old lady of the Womans club who is familiarly and lovably called "the mother" of the organization was complimented by the club members Tuesday when she was given a surprise party in the new quarters on Second Street East.

The ladies made bright and cheery their attractive club house and prepared a right royal welcome for Mrs. Stearns.

Thinking it was a committee meeting to which she had been summoned and dutifully responding to the call, she entered the reception hall and was completely bewildered to find herself the center of a splendid ovation and to be laden with bouquets both oral and floral. Her eyes fairly sparkled as the meaning of it all dawned upon her and after a few happy remarks by President Stofen, the guest of honor responded in a most gracious speech acknowledging the compliment and voicing her delight at the success which had crowned the life of her beloved club.

The afternoon was then devoted to a general jollification in which about 35 members participated. Mrs Bates arranged an informal program of music and dancing with refreshments to conclude the happy occasion.

Mrs Stearns although about 80 years of age is a keen student of affairs and one of the club's most active and valued members.

JUDGMENT GIVEN FOR PAULSON

After taking all the evidence in the civil suit of Paulson vs Tracy last Friday, Judge Small gave judgment for the plaintiff, Mr. Paulson in the amount of $170.88 and $44.25 costs. (keepers fees) The suit was over a meat bill bought from Paulson and Vincent at El Verano by Tracy who claimed to have sold them cattle to the amount of their bill. Tracy failed to prove this to have been the case.

INNOCENT BYSTANDER IS KILLED

Leland Mull, a nephew of Mrs. Wm. Durant of this place met a tragic death this week in Bakersfield. He was in a saloon with a railroad employee when a jealous rival of the latter entered the place with a gun and began to shoot. Young Mull received a bullet through the heart and died almost instantly. He had simply been an onlooker and did not know the frenzied murderer or the woman, the seeking of whose favor caused the tragedy. He leaves a widow who is a niece of the MacQuiddy family. Deceased was 25 years of age and well known as an athlete.

HARRY WEISE TO OUR VOTERS

IS FOR PERMANENT ROADS AND THE WELFARE OF DISTRICT IN GENERAL

I saw in a last weeks paper a communication from Mr. Evart stating what he will do if elected. Now the people of this Valley don't have to elect any other Supervisor to carry out his promises for they are being carried out now. As for the Black Point cut-off, it is almost completed, so there is nothing for him to do about that. If we had elected a Supervisor from the other side to get the Black Point cut-off we never would have got it, and as for connecting it with the main roads I have started to connect them and if re-elected I will continue building permanent roads, for I realize and respect the wishes of our people.

As to the liquor question, that is settled to the satisfaction of the people. I have always believed in regulation and order in public places.

The money expended in my district has been used as economically as possible, and I have ample evidence as to where it went in permanent bridges, culverts, retaining walls, widening of roads etc. Surely the people should appreciate these substantial improvements.

Respectfully yours,
J. H. WEISE.

In a telegram congratulating George S. Patton on his nomination for United States Senator, said:

"I remember when you were battling among the leaders of a hopeless minority against railroad domination in California and how highly you were regarded for your courage and manhood. "Patton is beginning an active campaign and a strong plea will be made for his election in order to support President Wilson. This argument, with Patton's personal qualifications and Republican opposition to Johnson seem not unlikely to elect another Democratic Senator."—Sierra Madre News (Rep.).

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

There is a Real Difference

Cream of tartar, derived from grapes, is used in Royal Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Royal Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

FACTS vs. KANSAS

"STATISTICS ARE LIKE SAUSAGES—it all depends on the old woman who makes them," once observed a canny Scot, who might easily have had Kansas in mind when uttering that homely simile. Because of prohibition, Kansas has been held up to the rest of the country as a model State.

"Statistics" have been quoted to prove that because of prohibition Kansas has had fewer deaths, less crime, less pauperism, less insanity, more happiness and more prosperity than any other State in the Union. In comparison with official census returns these claims are seen to be absurd.

MORTALITY AND MORALS

Kansas, instead of having a death rate of 7.5 per 1000, as has been claimed, has a rate of 10.60. Twelve registration cities of Kansas have a rate higher than the average for the United States. Of twenty-three capital cities in license States, SEVENTEEN have a lower death rate than Topeka. FOURTEEN of twenty-three registration States have a lower homicide record than Kansas. TWENTY-FOUR States have a LOWER RATE OF SUICIDE than has the registration area of Kansas.

What about the morals of the boys and girls? U. S. Census Bulletin 121 (1910) shows that NINETEEN STATES have a lower rate of juvenile delinquency than Kansas.

DIVORCE AND FINANCE

THIRTY-FOUR STATES have a lower divorce rate than Kansas. SIXTEEN States have a lower rate than Kansas for divorces granted to wives because of the husbands' drunkenness, and FIFTEEN of these are license States.

Prohibition is supposed to make for a richer religious life. U. S. Census Bulletin 103 shows FORTY-THREE States with a larger percentage of church membership than Kansas.

Nor does Kansas make any better economic showing. In 1915, the United States had 11,285,755 savings bank depositors, with savings of $4,997,706,013. Kansas had only 21,671 with $4,576,339. In the whole country one person in every NINE had a savings account, with an average of $442. Kansas had but one in every EIGHTY-THREE, with an average of $211. The average for California was $475. In California more than four people out of ten have savings accounts; in Kansas only twelve out of a thousand!

PAUPERS AND INSANE

Claims were made recently that eighty-five counties in Kansas have no insane persons, and that thirty-eight county poorhouses are without tenants. The truth is, these counties are too poor to care for their crazy persons and paupers, who are consequently placed in State Institutions. TWENTY-FOUR States have a lower rate of insanity than Kansas, and FOURTEEN have a lower pauper rate. Even in the record of insanity caused by strong drink, Kansas is behind NINETEEN other States, FOURTEEN of which are under license laws.

STRONG DRINK RAMPANT

As to drinking and drunkenness. The Wichita Beacon recently stated that records showed 12,000 gallons of liquor were imported into that city every month. Ninety thousand quarts were imported into Topeka in a recent month, two quarts for every man, woman and child in that city.

In Wichita the Chief of Police was arrested on the charge of selling liquor seized from bootleggers. Arrests for drunkenness in Wichita last year were 1480, one to every 35 of population, and there were besides 380 arrests for bootlegging.

Real statistics do not favor Kansas. They prove that Kansas instead of being the most advanced State in the country because of prohibition, has been badly distanced by many license States in the race toward the goal of material and moral well-being.

California is ahead of Kansas in every way; is more prosperous, better governed, has less crime and poverty. Do you want California to keep ahead?

Register now and vote against Prohibition Amendments No. 1 and 2 at the November election.

If you want reliable information regarding any special phase of the prohibition question write to us and we will gladly answer your questions.

Roast Beef—Juicy

Everybody prefers roast beef that is juicy and delicately browned rather than dry with a thick hard crust

But few people know that the material of which the oven is made gives the kind of crust to whatever is cooked in it

Some materials are called porous—that is if you examined them with a microscope you would see innumerable little holes

Through these the heat from the fire is absorbed into the material—which can be made very hot indeed but the heat given out is steady, even, never too intense—such a material is said to radiate the heat

You can easily understand that anything baked in this kind of steady, even, not too intense heat, will have just the most delicious sort of crust—meat will be juicy, not dried up

Cast-iron gives out a heat like this—it is a porous material—it is used for all the ovens in WEDGEWOOD CAST-IRON RANGES

That is one reason they bake and roast so well

The man in your town who will show you WEDGEWOOD RANGES enjoys the reputation of rendering good service
